To Whom It May Concern:

I have worked with Brite Engineering Consultants since their formation in 1992. Brite Engineering has provided Design Inc of North Carolina with excellent support in electrical, plumbing and HVAC engineering.

In working with Brite Engineering, I can say they always show professionalism. They go above and beyond what is expected. All of their employees have been dependable, reliable, hard-working and conscientious of their work. Their services have always been an asset to our total design package.

I am confident that you will be pleased with Brite Engineering Consultants work.

If you need further information don't hesitate to contact me via email (tonyc@jsclark.com), office (336-789-100) or cell (336-416-5727).

Sincerely,

DESIGN INC OF NORTH CAROLINA

Anthony E. Chilton, AIA/LEED
